

CERTIFICATE in Art & Design

MQA/PA11240

BUILD YOUR DESIGN WITH A CREATIVE MIND

*The perseverance of creative act
is to involve design elements
of newness and experimentalism.*

This entry level design course will help you build a strong foundation of design skills. The course covers the elements and principles of design that can be applied to any design area including graphic design, illustration, textile & fashion design, interior design, industrial design & fine art.

You will learn how to follow a design process, how to explore the use of colour and employ type and to apply the creative design process to 2D and 3D forms. The course will also guide you in how to produce drawings to communicate ideas and how to prepare, produce and capture digital.
